COUNTRY Austria/Hungary

DATE: 25X1X6

SUBJECT Moscow Order for Reduction and Transfer of  
Soviet Units in Austria and Hungary  
25X1A6a

INFO.

DIST. 21 January 1947

PAGES

SUPPLEMENT

ORIGIN

25X1X6

## SOURCE

1. Source has learned from several Soviet medical officers formerly stationed in Hungary that new secret orders have been issued by Moscow and distributed to all the units of the Central Group of Forces in Austria and Hungary. The orders, which will affect all units and will become effective on 10 February 1947, state that the table of organization of specific units will be cut, other specific units will be deactivated, and still others will be transferred to new stations.
2. Many medical officers have been assembled at Koedling, the headquarters of the medical service of the Soviet forces in Austria and Hungary, for demobilization and return to the U.S.S.R. For example, the 4th Cavalry Squadron, 6km from Csorna near Sopron, has cut its medical staff from three officers and two assistants to one officer and one assistant.
3. In virtue of this order, the Partorgs (Party organizers) in all the regiments in Austria and Hungary will be reduced in number or dispensed with entirely.
4. Source reports that the general headquarters of the Combined Cavalry Troops is in Csorna.
5. Major Chernyak is reported to be the only remaining medical officer in the 328th Brigade at Kramo. The type of the brigade is not known.

This document is hereby regraded to
